

## **Linda Redamonti Watercolor Classes**

Learn to paint with watercolors! This is an exciting medium with lovely transparent and subtle nuances that can only be achieved using this wonderful medium.

In this class, you will learn the creative watercolor techniques which make watercolor paintings look like more than just a wash of color painted on paper. Using these techniques gives your watercolor paintings exciting details of color and texture which make your paintings sparkle with movement & color.

I have worked in the watercolor medium for over 40 years, participated in group and individual shows as well as do regular, commissioned work in this medium.

Please feel free to view some of my watercolor artwork online. These paintings are representative of the techniques that we will be using in the classes.

\* I'm so glad I stumbled upon Linda's beautiful and deep work. During the pandemic, I wanted to take watercolor lessons, and after the course of a few months working with her, I learned far more than I thought I would, especially about color. She makes the technical stuff easy to understand. Isaac Matus

\* It is a welcomed opportunity to write a recommendation for Linda regarding her teaching ability and style. Her creative and artistic abilities shine on their own, but her excitement and desire to share the creative experience through teaching, along with her patience and encouragement make it a magical experience. I have always wanted

[linda.redamonti@gmail.com](mailto:linda.redamonti@gmail.com)

to paint, to master watercolor in particular but felt the medium intimidating. In a few short months, Linda has helped me overcome my doubts, to “think outside the box” and create amazing work. I have a magical experience now every time I pick up a brush.

Anita McCann

- \* Miss Linda is an excellent teacher! She takes the time to explain thoroughly and ensure that every student gets the individual help and time needed! She has always been very patient with me as I am new to watercolor, and have many questions. She is a very talented artist herself in many artistic mediums, but her watercolor really shines!

Jenna Seth

- \* I came to Linda for group classes with me and my 8-year old daughter. Linda makes the classes fun while also giving tailored and constructive feedback. I hope to learn with her for many years! Would highly recommend.

Ms. Rodriguez

- \* Linda Redamonti taught my son the love of learning through watercolor and sewing lessons for over five years. She is a truly gifted and caring artist and teacher encouraging curiosity and exploration through art. She views everything as an opportunity to learn something new which carries over into all aspects of life. She helped my son become a creative and resourceful thinker. She absolutely loves to teach and is always looking for ways to fully harness the strengths and interests of each student in her instruction. My son produced beautiful art under her guidance and gained life-long skills as well. I highly recommend Linda.
